

# BENCARDINO'S LATEST DIRT

FALL 2007

A Quarterly Publication of Bencardino Excavating, Inc.

[www.bencardino.com](http://www.bencardino.com)

## PROFILE: Ray McGrath Jr.

**How many years have you worked for Bencardino?**

15 years

**That's a long time. What makes Bencardino Excavating Inc. a great place to work?**

There is real team camaraderie here and Lou really supports that. I also like all the new toys we get.

**What kind of movies do you like most?**

Comedies I guess. My favorite is *Happy Gilmore!* That scene with Bob Barker is a classic.

**What do you like to do in your spare time?**

I have been into dirt bikes since I was a kid. Randy (Fluck, Summer 2007) introduced me to my first street bike, a Suzuki Hiabusa.

**I hear the English call them Hedge-abusers.**

(laughs) That's funny.

# HOME DIRT

## Processes

The winter months are upon us creating muddy conditions it's important to be cleaning equipment and parking on wood or stone at the end of the day to ensure proper wear and track life. Mud stuck in tracks causes excessive and extreme wear on undercarriages, which is very expensive and causes down-time which is even more expensive. Thank you for your cooperation.

## Progress

We just purchased a new CAT 963C with forks, a Volvo L70E Wheel Loader with forks and an EXTEC C12 Crusher.

The GPS Grading System has progressed nicely headed up by Mike Mariano.

## People

We would like to welcome four new guys to our crew: Bill Jones, Mike Westfall, George Short and Eugene Zander

# birthdays

Happy Birthday to these employees!

Eugene Zander	October 26
Michael Pape	November 13
Louis Biskup	November 23
Joseph DiGirolamo IV	November 27
David Fink	November 28
