

# HOME DIRT

## Processes

Twenty laborers have underwent a thirty hour OCEA course to comply with new safety regulations.

## Progress

We just purchased a third GPS package enabling us to run more bulldozers on multiple sites .

SUMMER 2008

# overheard

what our clients are saying about us.

*"Bencardino is one of the best and most professional excavating companies I have ever worked with. Bencardino stands behind their work and ensures that everything runs smoothly. It may seem too good to be true, but with both loyal, hard-working and professional employees its a complete package. I am looking forward to working with them on future projects."*
